## NEW BUILD - Combination Harvester & Pickup Vessel

### Listing ID - 1048

**Description** NEW BUILD - Watercraft Hybride

**Date** Built to Order

**Launched**

**Location** ex factory, Italy

**Broker** Giuseppe Filippone  
[giuseppe.filippone@seaboatsbrokers.com](mailto:giuseppe.filippone@seaboatsbrokers.com)  
+39 329 886 8343

**Price** POA

**Material:** steel, stainless steel or aluminum.

**Technical Description:** Craft result from the **combination between the vessel Harvester and the pick-up vessel**, for which features of the **cutting tape and collection**, of a **central belt** which transfers the collected material came from the first tape up to the **storage bin** and an **arm charger** for the material discharge. Unlike the Pick-up, **you can work with a single operator** who, once filled the entire storage area, is transferred in the crane cab command to download the material.

They can be propelled with **screw propellers with antialghe system or with paddle wheels**.

The **draft** can be as little as **35-40 cm**. Considering the hull distance from the edge to the collection point reached by the arm, the pick-up can also collect material on the banks.

**There are built in series**, therefore it is possible to choose with the client the possible combinations of cutting, collection, storage, unloading, size, etc.

The details of all vessels are offered in good faith but we cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. Any buyer should instruct their agents, or their surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to sale, price change, location or withdrawal without notice.
