Material: steel, stainless steel or aluminum.

Technical Description: Any type of our production vessel for the cutting and collection of algae can be transformed into amphibian and therefore **work both in water and on land**, being able to climb the shore due to the **three pairs of rubber wheels twinned** or **tracks** to be fitted.

The cutting equipment solutions can be decided with the customer.

The details of all vessels are offered in good faith but we cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. Any buyer should instruct their agents, or their surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to sale, price change, location or withdrawal without notice.
