<b>Price</b>	EUR 17,500

### General Description

Compositi Veloci, a new boatyard based in Italy, debuts on the international scene with TESEO, a simple but bold design characterized by very practical feature.

Of tough composite construction and with a strong personality, this catamaran has been designed with versatility in mind. Bareboat day-charter operators will find her simple low-maintenance features particularly attractive but the boat can also be supplied as a lifeboat suitable for inland and coastal waters or for more specialized applications. Of course she would also make a great fishing or diving boat for the sportsman so inclined

Designed to fit inside standard 40' containers (up to 4 units in a single container) this catamaran can be easily shipped anywhere in the world at reasonable costs.

**Main characteristics include :**

- Seating for up to 8 passengers,
- Low draft
- High stability (and a comfortable ride even for landlubbers)
- High speed (planing hulls)
- High safety (unsinkable, very strong construction)
- Easy beaching (keel covered by stainless steel plate and curve of keel make beach landing easy)
- Low operational costs (power options start at 1 X 40 Hp)
- Large sunbed for up to 6/7 people
- Icebox,
- Water tank
- Shower,
- Boarding ladder

Construction is in multi-axial glass and vinyl ester resins, PVC cored.

Metalwork in marine grade 316 stainless steel .

Full ISO Standards foam floatation provides level floatation while swamped.
