NEW BUILD - 16m All Weather Fast Craft

Listing ID - 1440

Description	All weather Multi-purpose fast craft (Rescue, Pilot)
Date Launched	Built to order
Length	16.8m (55ft 1in)
Beam	4.8m (15ft 8in)
Draft	1.4m (4ft 7in)
Location	ex factory France, delivered anywhere
Broker	Giuseppe Filippone giuseppe.filippone@seaboatsbrokers.com +39 329 886 8343
Price	P.O.A.

General Description

Established in 1969, Bernard Shipyards is one of the best French builders of top quality commercial vessels. Their portfolio includes fishing vessels, passenger ships, military vessels of various kinds and pilot/rescue boats that SeaBoats are proud to market all over the world

The shipyard applies the most advanced composite technologies and materials - like infusion, resin impregnation and advanced coring materials - to create vessels that are both light in weight and superior in strength, comparing favorably to steel and aluminum but without vulnerability to corrosion.

Bernard shipyards produce a line of all weather multi-purpose fast crafts from 12 to 18 mt in length. Unsinkable and self-righting these vessels are designed to offer safety, speed and comfort in the toughest surroundings.

ORC 160 is a 16 mt. model that has been delivered to several government bodies in France and in the Pacific region.

Her main characteristics are :

- Overall length 16.82m
- Hull length 16.09m
- Waterline length 15.60m
- Overall width 4.80m
- Hull width 4.60m
- Draft 1.40m
- Air draft (mast folded) 4.08m

With 2 X 500 Hp @ 1,800 rpm inboard diesels, ORC 160 can maintain a 25 knots service speed even in very difficult conditions and can be employed in a wide range of activities :

- Piloting
- Rescue
- Fire-fighting
- Assistance in disaster areas
- Evacuations of patients from ships or from islands to the mainland
- Towing of low tonnage vessels

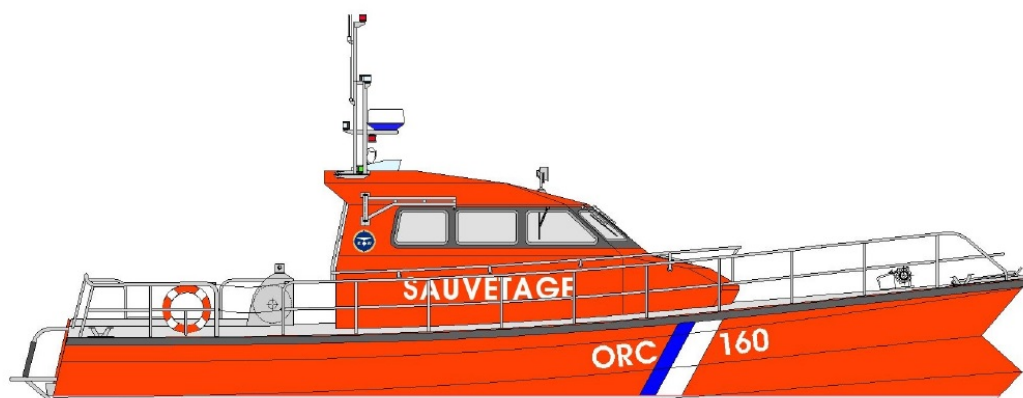

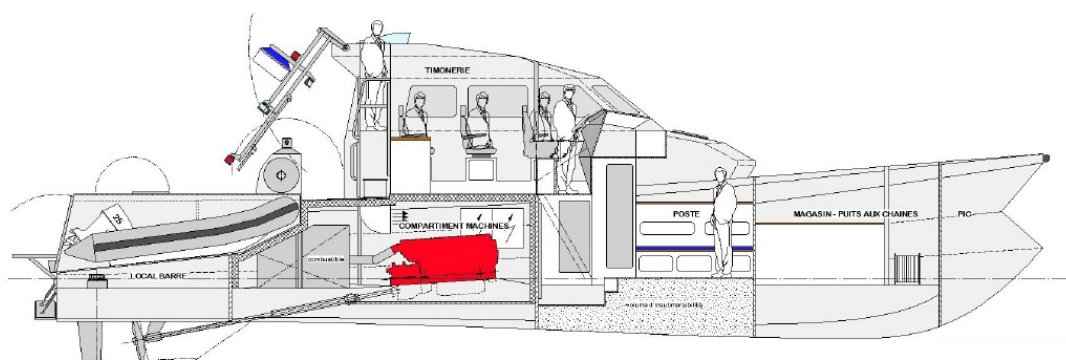

ORC 160 can also be equipped with a system installed on the aft deck containing two life rafts for 100 passengers. These can be quickly released in case of a major incident (eg evacuation of passengers from a ferry or from a plane).

The vessel is extremely well built and offers the highest degree of safety. It is self-righting and, thanks to a hull divided into 5 sections by watertight bulkheads, absolutely unsinkable.

Materials, machinery and systems are the best available.

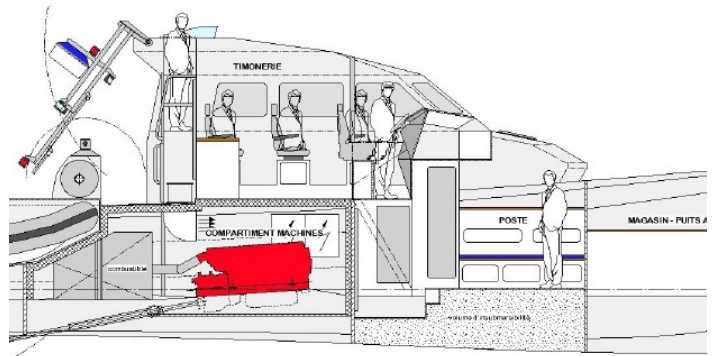

Standard equipment includes :

- Towing system
- Zodiac RIB with outboard
- MOB crane
- Fire-fighting system
- Complete navigation/radio equipment

The details of all vessels are offered in good faith but we cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. Any buyer should instruct their agents, or their surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to sale, price change, location or withdrawal without notice.
