The definition of renegade is “a person or thing that deserts and betrays an organization, country, or set of principles.” We thought this was a fitting name, as this boat deserts the idea that welded aluminums should be industrial or crew boat style – it takes all the benefits such as build quality, ease of maintenance, safety, longevity, and durability but is presented in a sleek package designed to bring you an unlimited amount of joy and comfort.

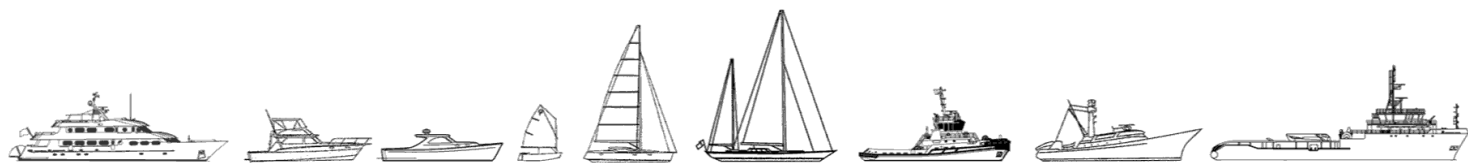

The Renegade 21 is also fully customizable to fit your needs! It can come as an enclosed bow (seen here), bow rider, or cuddy cabin and can be fitted with outboard or inboard powerplants with v-drive, jet-drive, or out-drive options. We can install ballast tanks, baitwells, down-riggers, or whatever else you’d like. Whether you’re wake-surfing on the lake or fishing 6ft swells in the pacific ocean, this thing will get the job done!

The details of all vessels are offered in good faith but we cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel.
