Description NEW BUILD - Scavenger 40 Aquatic Loadmaster

Date Launched Built to Order

Length 12m (30ft)

Beam 3.6m (12ft)

Location ex factory, Singapore

Broker Geoff Fraser or Richard Pierrepont

The Scavenger 40 LoadMaster is a specially designed weed pulling and floatsam collection boat with a hydraulic crane installed onboard. The boat is built as a standalone unit that can move to a selected location to pull weeds and collect it onboard for dumping at a designated collection point. The LoadMaster is designed with a long reach crane to reach for weeds up to a depth of 2 metres and has a pulling force of up to 450kg.

The large open deck has a carry capacity of up to 5000kg of weeds, floatsams/rubbish per trip making it a highly efficient and economical boat for environmental cleaning.

Length: 12m (30ft)
