Based in Estonia Water Mate Boats is a very experienced builder of aluminum boats for professional users.

The LR9 Safari is an eye-catching model specifically developed for commercial operators who need a tough boat suitable for tourist services in shallow waters. The standard layout is for passenger services but the boat can also be customized for diving, snorkeling, fishing, or even cargo duties.

Main characteristics :

LOA: 9.127 m

BOA: 2.900 m

LWL: 8.467 m

BWL: 2.810 m

Draught: 0.320 m (hull, fully loaded)

Height (from keel to Targa bar): 2.816 m

Empty weight: ~1560 kg
Max. weight: ~3860 kg
Fuel tank: ~400 L
Max. power: 400 hp
Max. speed: 35-44 kn
CE Certification in Cat C for 22 pax

With a weight of 1560 Kg (+ engines) and a width under 3 m LR9 Safari can be easily trailered and the shipyard can arrange delivery anywhere at reasonable costs.

LR9 Safari has a payload of around 2 T., with a capacity of 20 passengers + 2 crew. Power is single or double outboard, up to 400 Hp maximum.

Built to be strong and reliable LR9 Safari is a perfect choice if you require a safe and versatile platform, able to perform even in shallow waters. The hull has been specifically designed for low wash and its 6 mm thick aluminium construction allow safe landing in any situation.

The boat has been designed to attract attention and has a number of features of special interest for the commercial operator. Seats are mounted on runners so a safe that they can be easily moved to create space for cargo
The bow is designed to allow easy landing even where no quays or jetties are available. Its shape permits also an easy access to the boat for people in wheelchairs.

The standard boat includes:

Navigation lights
Search lights
Cabin lights
Underwater lights
