After 2 years of brainstorming, hardworking and researching the market core values, the ELICA YARD was formed and created 3 types of catamarans, the first of which we are offering here, a 50ft motor catamaran, followed by a luxurious 60ft power and a smaller 40 sailing model.

The OMaya catamarans are made in epoxy resin which guarantees an outstanding lightness, superb strength and longer life! Apart from being extraordinarily light, the most distinctive feature of the OMaya catamarans is their unsinkability. The OMaya is a cosy and at the same time luxurious and practical boat that can move smoothly across all seas.

### Cosy

The boat has a tasteful interior and is cosily decorated with furniture we have produced for you. The OMaya is not only made for luxury. She is also made for the sea and brings you back home safe, wherever your home is.

### Practical and luxurious

It feels like home. It has space like a home. The boat offers sleeping space for 10 people but you can always accommodate 12 people when you convert the seats into beds. All cabins and common spaces are equipped with the latest appliances to ensure you feel comfortable in your private area and give you the sense of your own house but on the other side of the shore.

### **Moving smoothly across all seas**

The OMAYA 50+ is easy to handle by one person.
