Price POA

TowBoatU.S. Endurance is primarily used for our containment boom operations and as a sunken boat recovery platform. Due to the vessel's large cargo area, we are able to transport, deploy and recover over 1,800 feet of Containment Boom. Her hydraulic A-Frame and dewatering pumps are very useful for salvage work, complementing our large inventory of lift bags and gas powered dewatering pumps. The vessel is available for hourly and daily charter for use as a work platform for a wide variety of projects.

Classification: Work Barge

Built: 1996 - Monticello, AR

Refit Date: 2015

Overall Length: 30'

Beam: 10.5'
