Electrical Systems

24V
4 x heavy duty batteries for engine start
6 x heavy duty service batteries
120-amp battery charger 230 to 24V, charges both banks of batteries via an automatic switch charging system
Inverter 24V to 230V, 8kW servicing all 230V electric devices
30-amp battery charger 230 to 12V charging generator battery
Galvanic isolator to prevent electrolytic corrosion
Garmin EmpirBus system with NMEA 2000 network incorporating all onboard electrical and electronic devices in smart communication circle
Remote battery master switches with control switch at main panel
LED lighting throughout

220/240V
18KW diesel generator in sound shield with water cooled specially silenced exhaust
63-amp shore support inlet
Earth leakage safety trip, polarity check system, circuit breakers on all circuits

Power points in all areas

Water System

200L/317 US gal plus 19 US gal/73l hot water boiler, heated by engines and 230V immersion heater

High-capacity water supply hydrophore

Water level gauge

Deck filter

Electric freshwater WC system

Safety & Docking

Electric bilge pumps with auto. level switch and indicators on the command console, (6)

High-capacity manual bilge pump with valve system and suction points in same areas

Fuel System

Fuel tanks (GRP-epoxy) with interconnection system giving 951 US gal/3600 l capacity

Fuel filters on port and starboard side

High-capacity duplex fuel filters/water traps with audible and visual fuel contamination warning system, STD

Remote fuel isolation controls at helm position

Automatic override fire extinguishers in engine room with warning system at both helm position

Hand-operated fire extinguishers in all cabins, galley and lower helm (6)

Carbon monoxide detector in each separate room

Mooring ropes (4)

Fenders (8)

Boat hooks (2)

Life raft for 12 pax

Tender with engine

Monachus 70 Fly - Sun Deck

Monachus 70 Fly - Lower Deck 4 cabins
