Price POA

Ribcraft 7.8 proves herself time and time again to the most demanding users around the world by providing operator and passengers RIBCRAFT's signature stable, dry ride even in the roughest offshore conditions. Designed as a fast response craft, this 7.8m RIB with its long steep sheer toward the bow and impressive deep V hull, offers unparalleled rough water performance and safety.

Powered by single or twin outboards, with the 7.8 you never have to wait for a calm day to get out on the water. With a generous 2.7 meter beam, they are true workhorses of the sea.

Ribcraft 7.8 can be customized to your individual specification whether military, commercial or rescue usage. The craft is capable of taking a wide range of power options which include outboard, stern drive or water jet.

Ribcraft 7.8 features a large open deck area which can accommodate many people or equipment. All control cables are routed below deck maintaining a totally clear working area. With many accessories; consoles, seating, propulsion and power options, the boats can be totally customized to specific requirements whatever the application.
