Built on a conventional modified-V hull with a moderate beam and prop pockets to reduce draft, the Bayliner 3688 Motor Yacht (some might call this a flybridge sedan) is an entry-level family cruiser with sporty lines and an innovative midcabin floorplan. In an unusual design configuration, a portside staircase located just inside the salon door leads down to the midcabin, where there's partial standing headroom and a built-in vanity. The downside of this arrangement is that the space devoted to the staircase consumes a fair amount of salon space.
