Price USD 1,750,000

Price Notes If both together with ID 4609, we will reduce price on each by \$100,000 USD.

1. Striker was built by Gulfcraft in 1997 and was built to ABS class but only had an ABS load line when delivered.
2. Striker is currently priced at \$1,750,000 USD as is, where is, with immediate availability.
3. Option 1: Striker is alternatively priced at \$2,750,000 USD delivered at Seacraft, with fresh USCG COI, fresh class, buyer name/home port/emblem welded on, fresh paint from "keel to mast" to buyer colors. Striker will take 60-90 days to deliver if someone chose this option.
4. Option 2: Striker is DP-1 ready; we have already installed a bow thruster with an auxiliary drive engine and electronic controls. If someone wanted to complete the DP-1 install, it would add \$250,000 USD to Striker price and add 30 days to delivery.

All machinery and system are run every month. Boat need cosmetic, class and outfitting to go back into service. Should take very little to make these vessel ready to sail should someone chose to buy them where is, as.
