Blyth Workcats, based in Essex, England specialises in the design and build of GRP catamarans for commercial operators across a wide range of different industries. The company designs and builds customised boats, working closely alongside clients to develop and deliver a boat unique to their individual needs whether it be for charter angling, diving, commercial fishing, passenger carrying, crew transfer or survey work.

Blyth Workcats has been building boats for more than 20 years and supplied vessels all over the world from the Falkland Islands to Dubai, Australia to Gibraltar and established an enviable reputation within the industry as suppliers of stable, sea-going, value-for-money boats that get the job done.

Blyth Workcats has its own 'in-house' technical department enabling the company to tailor an existing, proven, design to meet specific customer needs. The company employs a highly skilled, vastly experienced workforce and is proud to have achieved accreditation to ISO 9001, ensuring every boat is built to the highest possible standard. **ISO_9001**

Here are some examples of the 12m Series already supplied:
