Established in 1996, Izmir Shipyard is a builder with a focus on high performance vessels of Aluminium or HDPE construction.

Stock designs include patrol boats, pilot boats, workboats, and utility crafts for commercial and public customers. Over 50 vessels have already been delivered and SeaBoats are proud to market them all over the world.

Specifically designed by a team of experts as a fast patrol vessel for various metropolitan tasks, this multi-functional patrol boat provides unique sailing comfort and fuel efficiency with IPS 700 propulsion, excellent maneuverability with docking mood function and joy-stick control, great stability with trim, roll and maneuver optimizing interceptor systems on a solid but light structure. The vessel offers very high safety standards thanks to Izmir Shipyard SOPs, demanding class society procedures and of the expertise driven from her sister-ships.

We have three of these patrol boats under construction and they can be delivered in a very short time.
