Date Built to Order

Launched

Length 7.14m (23ft 5in)

Beam 2.5m (8ft 2in)

Location ex factory, Singapore

Broker Geoff Fraser or Richard Pierrepont

The Centurion 24 Fireboat is a unique standalone, mini-Fireboat with a 1000 litres per minute fire fighting pump coupled with the latest computerized foam mixing system. This powerful little boat is small enough and easy to maneuver in tight locations in the marina or canal systems and will go where your normal fire engines is unable to reach.

The Centurion 24 is also a small mini-tug boat with a static bollard pull of 1 ton and can also be used as a pusher tug. It can easily tow a large motor yacht that is on fire and bring it out of reach of other vessels.

The Centurion 24 Fireboat will be a very useful boat when fighting fire near ports, marinas, open berths, canal homes, Oil and Gas installations where the normally big fire boats is unable to enter.
