General Description

The formidable PB18 High Speed Patrol Boat is designed to operate in coastal areas, ports and other littoral areas, to perform missions such as :

- protection of territorial maritime borders,
- law enforcement,
- defense missions,
- search and rescue,
- protection of fisheries,
- enforcing rules of navigation.

We can deliver the vessel as a fully built and outfitted unit from one of our partner shipyards. We can alternatively supply a complete kit that includes all aluminum parts ready for assembly and welding.

This extremely capable vessel offers impressive seakeeping, speed, maneuverability, range and stability characteristics, and is available in a number of configurations to address any duty that requires high speeds. Furthermore it can be customized to address specific requirements.
