Not just a great 5-seater RIB, this boat will transform your days on the water..

FIRST TO SEE WILL BUY. This is an awesome boat especially with the suspension fitted.

**\*\* No sore back - suspension soaks up all the bumps \*\* controls are always steady in your hands \*\* Get there faster \*\***  
No aches and pains afterwards

This is only possible thanks to revolutionary shark suspension technology, designed and made in Christchurch since 2013.. as used by Coast Guard around the world and by America's Cup and SalGP syndicates over the past 5 years

It has an excellent V - hull with 4 chimes running the full length of the hull. This design has exceptional width and lots of deck space and includes live-well hatches, a large anchor hatch and a front seat. But once you have enjoyed sitting on the suspension console you will greatly prefer sitting there!
