Interior Design: To be selected

Staterooms: 9

Guests: 12

Crew: 16 + 1

Bilgin Yacht is pleased to announce that it has recently started the construction process of a brand-new project: Bilgin 243. This 74m yacht's exterior lines and naval architecture were developed by Unique Yacht Design in association with Unique Yacht Design for interior living areas.

The superyacht's sleek lines allowing large living areas are well-reflected in her interior design. Having six decks, Bilgin 243 will offer the owner and their guests alternative living areas while sailing in oceans. As well as a flybridge and sunbathing areas, the superyacht will have a lounge on the upper deck, a saloon with a bar section on the bridge deck and a living room including a 16-person dining table on the main deck. The owner's suite located on the front part of the main deck will be available with a jacuzzi, working space and a private lounge. While a VIP cabin will be located by the owner's cabin, the layout includes four guests cabins located alongside the crew area on the lower deck.

Bilgin 220 will be powered by twin 1.800 rpm MTU engines, allowing the yacht to reach 17 knots at cruising speed and touch 17 knots at top speed (preliminary data). There will be two Cummins generators set both offering 1.500 rpm.

The details of all vessels are offered in good faith but we cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. Any buyer should instruct their agents, or their surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to sale, price change, location or withdrawal without notice.
