Price USD 420,000 ex factory

The 19.8m fishing boat built in Xiamen, China, is a 100% hand-laid solid fiberglass hull. During the lamination of this vessel, vinyl ester resin was used in the outer layers for superior blister resistance. She is constructed with knitted bi-axial fiberglass cloth throughout lamination for added impact resistance. Additional hull reinforcement has been added at the bottom, turn of bilge, and bow sections and Ashland Max Guard brand ISO-NPG gelcoat was used for long-lasting shine and durability. These are just some of the quality processes and materials used in the construction of this 19.8m commercial fishing boat.

Main Specification

Loa:19.80m

Beam : 4.40m

Depth : 2.50m
Draft : 0.85m
Power :600hp*2. Twin Engine
Speed : 26kn
Displacement : 20t

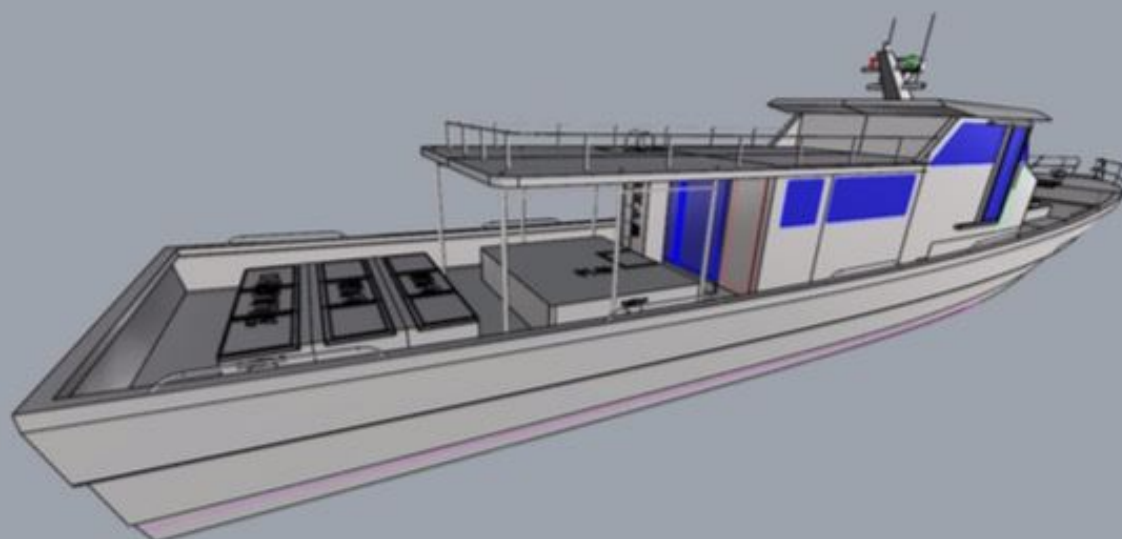

FRP Hull And Deck

- 1.100% Hand-laid Solid Fiberglass Hull Lamination
- 2.Vinylester Resin In Outer Layers For Superior Blister Resistance
- 3.Knitted Bi-axial Fiberglass Cloth Throughout Lamination For Added Impact Resistance
- 4.Additional Hull Reinforcement In Bottom, Turn Of Bilge, And Bow Sections
- 5.Ashland Max Guard Brand Iso-npg Gelcoat For Long Lasting Shine And Durability
