Broker	Richard Pierrepont <a href="mailto:richard.pierrepont@seaboatsbrokers.com">richard.pierrepont@seaboatsbrokers.com</a> +44 7798 607 323
Price	POA

Blyth Workcats are built entirely in the UK from one piece tooling for exceptional strength. All engineering and electronics are installed by in-house engineers and stainless steel fittings are custom made within their own fabrication workshop, offering a completely bespoke service to our clients.

The company works closely with naval architects and surveyors of the highest professional standing and we take pride in our ability to construct vessels to meet or exceed the rigorous standards required for MCA Code of Practice, Seafish, Irish P5 and MCA P5&6.

The original Blyth 33 has now become the Blyth 10m, evolving and improving with time and experience, making her performance second to none. In recent years, the company has developed 11, 12, and 14m catamarans with a wide selection of 14 Cats delivered to date.

### Ferry/Passenger Vessel 'Islander'

LOA: 14 metres

Beam: 4.96 metres

Engines: Twin CAT 550hp

Speed: Limited to 20 Knots

Based on Blyth Workcats established and well-proven design this 14 metre passenger vessel has customer seating for 65 and has a viewing platform on the roof. The vessel is built to MCA class rules.
